Welcome to the Yellow Book!

We’re pleased to present the Senior Information Directory (the “Yellow Book”), a basic resource guide to the many services of interest to older adults and their caregivers in El Paso, Park, and Teller counties.

We suggest that you take a moment to look at the organization of this guide. The Table of Contents (in the front) and the Index (in the back), which lists services by name, will help you find the specific services you need.

The section on Senior Service Organizations contains information on agencies that help meet the special needs of senior citizens, including information about us, the Pikes Peak Area Council of Governments Area Agency on Aging. We help older adults, their caregivers, and service providers with information on just about anything. If you need information about services outside El Paso, Park, or Teller counties, call the National Eldercare Locator at 800-677-1116 or go to www.eldercare.gov.

Our Yellow Book has been published almost every year since 1967. If you have a need or a question that the Yellow Book does not appear to address, call us at (719) 471-2096.

We wish to thank our advertisers and our volunteers. They make it possible for us to publish this directory.

Do you find this resource helpful? Valuable? Essential?

We welcome your contributions toward the publication of this valuable community asset. Please send donations to:

Many services and programs attempt to reduce the incidence of financial, emotional, physical and sexual abuse or intimidation of elderly people and dependent adults by members of their families or other caregivers.

Colorado law requires many professional groups to report abuse, neglect, and exploitation to law enforcement when they observe or become aware of the mistreatment. The professionals that fall under this law are considered “mandatory reporters.” This law also has legal penalties for mandatory reporters if they fail to report mistreatment.

Anyone who is concerned about the health and welfare of a senior or at-risk adult can contact a law enforcement agency to request a wellness check.

The following services are available specifically to help answer questions or provide assistance in these situations.

ADULT DAY SERVICES

Adult Day services are specialized programs that provide personal care for dependent individuals in a supervised, protective setting during some portion of a day.

Services may include social, recreational and developmental activities and snacks and/or meals as appropriate. Adult day service centers may also provide health and related services as well as care and supervision for adults who require physical rehabilitation, dementia management or other condition-specific forms of assistance. Adult day service centers also provide respite for caregivers.

The following adult day services may specialize in caring for seniors or people with disabilities. Some may be able to bill insurance, such as Medicaid, while others do not. Be sure to call for details.

CONSUMER PROTECTION/INFORMATION

The agencies listed here provide information and guidance for people who need assistance in managing financial resources, evaluating competitive products and services, understanding their consumer rights and seeking redress when they believe their rights have been violated.

These providers can assist in identifying and avoiding fraud and scams, offer education or counseling about credit and financial issues, advocate for you if you are a victim of a scam or financial exploitation, and other services.

Telephone scams are still out there! Report any suspicious calls you have received to the proper authorities.

Here are some useful tips to keep in mind:

• Have you checked into the background of people you are doing business with, especially if they will be working in or around your home?
• Be wary of giving out your personal or private information over the phone unless you initiated the call.
• Remember, no government agency will ever call you and ask for your Social Security number, bank account information or address unless you ask them to.

Reverse Mortgages: Many seniors consider a reverse mortgage to help supplement their monthly income or to pay off debts by using the equity in their home. MEDICARE/MEDICAID

Medicare provides hospital (Part A), outpatient medical services (Part B) and prescription coverage (Part D). Additional options are available to complement those benefits. The Medicare website (www.medicare.gov) provides information and allows you set up a personal account.

Medicaid is a state-administered program for people with low and limited incomes. Medicaid can provide a range of assistance that can include: cash benefits, food assistance (SNAP), medical and dental coverage, and long-term-care cost assistance. Every program has different eligibility requirements. Contact your local Department of Human Services for more information or to apply for benefits.

Social Security Administration (SSA) administers Social Security, an insurance program providing retirement, disability, and survivors’ income benefit. Social Security is responsible for determining eligibility for Medicare benefits. The Social Security website (www.ssa.gov) now allows you to set up your own account, apply for benefits or request information on line.

The slam of the garden gate reminds her of her kids running home from school. As a Home Instead CAREGiver, I can help Rose keep hearing that gate slam shut, because that is home.

Apartment complexes vary greatly so take a complete tour and ask a lot of questions. Most importantly, READ EVERYTHING that you are asked to sign.

- What is required for deposit refund?
- Do you offer discounts?
- What is the lease term?
- Do you have a pool and/or exercise room?
- What are the laundry facilities like?
- What is the neighborhood like?
- Where is the closest bus stop?
- Where is the closest grocery store, park, senior center and hospital?
- What could cause me to be asked to move out?

- What is the complaint and grievance procedure?
- Is there handicapped access to all parts of the property?
- Who is responsible for repairs?

Retirement Communities

Retirement communities provide private apartment or townhome living. They may offer optional amenities and a variety of floor plans. Many people choose to live in a senior community because they want to have a choice of prepared meals, socialization, planned activities, transportation, housekeeping, and security. Some retirement communities offer personal care services, a state-licensed assisted living program or a nursing center. These communities are referred to as “multi-level”. It is important to know the availability and cost of services, amenities, and levels of assistance before making a move.

Residents of retirement communities are generally independent and capable of self-care. A resident recovering from an illness may use private funds or insurance to enlist home health services within the guidelines of the community policies. If a resident needs extensive daily care and supervision, the retirement community manager may recommend, or require, that the resident move to a higher care level. Retirement communities vary greatly, so take a complete tour and ask a lot of questions. Most importantly, READ EVERYTHING that you are asked to sign.

QUESTIONS TO ASK:

- What is included in the basic package: meals, transportation, housekeeping, security, laundry or utilities?
- Is the basic package flexible?
- Is any financial assistance available?
- Is personal care available?
- What recreational facilities and programs are available?
- What rules exist that may affect the quality of life: bylaws, resident association, pets, smoking, visitors?
- Is there a resident handbook?
- Is there a waiting list?
- Is there an application fee, security deposit, or other fees?
- What are the payment options for home health care services?
**RETIREMENT COMMUNITIES**

Retirement communities provide housing and services for those who are generally independent and in good health but who prefer social activities, meals and minimal services. Multi-level communities cover a broad range of service options from independent status to assisted living or skilled (nursing home) care.

Assisted Living Residences

Assisted living residences combine housing and general support services for residents that cannot live alone but do not require skilled nursing care. These facilities are licensed through the state health department; facilities that accept Medicaid are also licensed through a separate state agency. Any facility providing care to three or more unrelated individuals must be licensed. Assisted living residents require a referral and medication orders from a doctor.

Most ALRs provide housing, meals, snacks, laundry services, 24-hour staffing, activities, and certified medication administration. Optional services can include transportation, bathing, dressing, and special diets. Some facilities offer short-term “respite” care. Facility sizes can range from small private homes to multi-unit high-rise buildings. Rooms can be private or semi-private.

Many ALRs accept residents in the early stages of dementia or forgetfulness. Facilities identified as having a “secured dementia unit” have special requirements and provide a secured environment for residents that are at risk of wandering or may demonstrate challenging behaviors.

Assisted living residents vary in their conditions. Some have physical challenges such as balance, ambulation, hearing, or sight. Others may have mild cognitive challenges and need to be reminded about when to eat or take medications. They may require assistance with bathing, shopping, dressing, and daily activities.

Assisted living residences vary greatly, so take a complete tour and ask a lot of questions. Most importantly, READ EVERYTHING that you are asked to sign.

QUESTIONS TO ASK:
- Are the rooms private or semi-private?
- What do the monthly fees include: laundry, transportation, activities?
- Do they accept Medicaid?
- Do they have a secured dementia area?
- Do they allow pets?
- Do they allow smoking?
- Can they accommodate special diets?
- What types of personal care are provided (bathing, dressing, hair care)?
- Is nursing care available through the facility or an outside agency?
- What are the costs?
- How do they handle medical emergencies?

Concerns about care in assisted living residences can be referred to the Long-Term Care Ombudsman at 719-471-2096.

CRIPLLE CREEK CARE CENTER
Your Colorado Mountain Home

Love of the Colorado mountains does not fade with age!

A 5-STAR COMMUNITY

We have been dedicated to and committed to the care of the Teller County and surrounding area elderly and disabled population for over 40 years.

We are owned and managed by members of this community. If you or a loved one need nursing or rehabilitative care on a short or long-term basis, come for a visit with us. Meet those who will care for you and share in your daily lives.

“The greatest thing about the Care Center is the feeling of ‘home’ for both the residents and staff. We truly are a ‘family’ and the team work shows every day! …the residents well-being is at the center of all we do.” Lawrence Cowan, Administrator

Skilled Nursing Facilities

Skilled nursing facilities provide housing with medical, nursing, psychosocial, and rehabilitation services for persons who require 24-hour nursing supervision or need extensive assistance with everyday tasks. Some facilities provide both long-term care services as well as short-term rehabilitation (usually post-hospital stay). Some only provide short-term rehab. They all provide meals, laundry, housekeeping, planned activities, assistance with dressing, feeding, bathing, and toileting. They also have social services support and medical services that can include wound care, ventilator care, and intravenous therapies.

Skilled nursing facilities vary greatly, so take a complete tour and ask a lot of questions. Most importantly, READ EVERYTHING that you are asked to sign. If you observe something during a tour that you are not comfortable with, ask the director of nursing about it and come back at an unannounced time for a follow-up visit.

Skilled nursing facilities are licensed by the state and are required to undergo yearly evaluations. The results of these surveys are available on the website of the Colorado Department of Public Health and Environment under Health Facilities.

There are four payment options available for skilled facilities:

1. Private pay: Out-of-pocket or reimbursed by long-term care insurance.
2. Medicare: Generally pays for 100% of first 20 days and roughly 80% of the next 80 days after an inpatient hospital admission (usually of three overnights or more) and a medical requirement for short-term rehabilitation.
4. Veterans benefits: These vary and may only apply to facilities that have VA contracts. Check with the facility or with the Veterans Administration office for more details. Assists veterans and their widows and can be combined with a private-pay option.

QUESTIONS TO ASK:

- Are the rooms private or semi-private?
- If the stay is for short-term rehab, will I be able to stay in long-term care if needed?
- What are the fees (usually charged by the day)?
- What do the fees include, and are there additional charges?
- Are they Medicare and/or Medicaid certified?
- What types of rehabilitation services are provided?
- Do they offer specialized dementia care?
- What types of activities are provided?
- How many beds does the facility have and what is the staffing ratio?
- Is smoking allowed?
- How do they ensure that high-quality care is being delivered?
- Are there support services for families?

Concerns about care in skilled nursing facilities can be referred to the Long-Term Care Ombudsman at 719-471-2096. The ombudsman’s role is to respond to and investigate complaints regarding care issues in all licensed facilities. The ombudsman attempts to resolve issues on behalf of the resident and may, if appropriate, report serious incidents to an appropriate regulatory government agency.

GLOSSARY

Advocates: Individuals who intercede on behalf of elders or persons with physical, mental or developmental disabilities to ensure they receive the benefits and services for which they are eligible.

Advanced Directive: A statement written prior to a medical need that states how you want medical decisions to be made if you lose the ability to make your own decisions.

Assisted Living: Facilities or residences that combine shelter and general support services for individuals who cannot live alone but do not need skilled nursing care.

Behavioral Health: The scientific study of the emotions, behaviors and biology relating to a person’s mental well-being, their ability to function in everyday life and their concept of self. “Behavioral health” is the preferred term to “mental health.”

Care/Case Management: Programs that develop plans for the evaluation, treatment and/or care of individuals who, because of age, illness, disability or other difficulties, need assistance in planning and arranging for services.

Caregiver: A person who helps care for someone who is ill, disabled or aged. The caregiver can be a relative, friend or paid provider.

Care Plan: A written plan for your care that tells you what services you will receive.

Connect for Health Colorado: The government health insurance program, an on-line resource for all Colorado residents who need health coverage.

COLA: Cost of Living Adjustment. An adjustment to income benefits (commonly applied to Social Security or other retirement income) to compensate for inflation.

Disability: A physical or mental condition that limits a person’s movements, senses or activities; a disadvantage or handicap, especially one imposed or recognized by the law. The ADA defines a person with a disability as a person who has a physical or mental impairment that substantially limits one or more major life activities.

Hospice: An organization that provides palliative care and social, emotional and spiritual support to patients and family during the final stage of life; hospice services are prescribed by a doctor.

Home Care Agency: Organizations/business that provide in-home skilled services (including nursing, home health aides, speech, physical and occupational therapy, and medical social work) to enable persons to remain in their own home. Also includes agencies providing personal care, homemaking and companionship.

Living Will: A legal document, also known as a medical directive or advance directive, that states your wishes regarding life-support or medical treatment in certain circumstances, usually when a physician has certified that death is imminent.

Long-Term Care: A variety of services that help meet both the medical and non-medical needs of people with a chronic illness or disability who cannot care for themselves for long periods of time.

Medicaid Program: A joint federal and state program that helps low-income individuals, families, elderly or disabled individuals pay for medical care. To receive Medicaid, an individual must meet income and asset limits and must go through an application process. Although largely funded by the federal government, Medicaid is run by the state, so coverage and services may vary.

Medicare: The federally funded and federally administered health insurance program that provides health insurance to individuals ages 65 and older, and to individuals who are disabled and receiving Social Security benefits.

Mental Health: A state of well-being in which the individual realizes his or her own abilities, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to his or her community.

Nursing Home/Facility: A facility that provides skilled nursing care and related services for the rehabilitation of injured, disabled or sick persons and custodial care for long-term care residents.

Ombudsman (Long-Term Care): Advocate trained to resolve problems for residents of nursing homes, board-and-care homes, and assisted living facilities.

Power of Attorney (Financial): A document appointing someone you trust to make decisions about your finances in the event you cannot make those decisions yourself.

Power of Attorney (Medical Durable): A document appointing someone you trust to make decisions about your medical care if you lose the ability to make them for yourself. This type of advance directive also may be called a health care proxy, appointment of health care agent, or a durable power of attorney for health care.
Qualified Medicare Beneficiary (QMB): Qualifying for QMB allows the state to pay the Medicare Part B premium, deductibles and co-insurances that Medicare does not cover for medical services.

Respite: Care providing short-term relief to caregivers in various settings: the home, assisted living facilities, nursing homes and adult daycare centers.

Reverse Mortgage: A loan against the equity in your home. The senior homeowner remains the owner of the home and still pays property taxes and insurance. There is no repayment as long as you live in the home.

Special Low-Income Medicare Beneficiary: Benefits for SLMBs are limited to payment of the Medicare Part B premium only.

Substance Abuse: Overindulgence in or dependence on an addictive substance, especially alcohol or drugs.

Urgent Care: Medical care for a sudden illness or injury that needs immediate treatment but is not life threatening.
