About the Pikes Peak Area Council of Governments *Communities Working Together*

It is the mission of the Pikes Peak Area Council of Governments, a voluntary organization of 16 counties and municipalities, to provide a forum for local governments to discuss issues that cross their political boundaries, identify shared opportunities and challenges, and develop collaborative strategies for action.

About the Guide to Getting Around the Pikes Peak Region

The Guide to Getting Around the Pikes Peak Region is assembled by the Pikes Peak Area Council of Governments' Mobility Department of the Area Agency on Aging. It is designed to be an accessible tool for all individuals visiting or living in our three-county region: Teller, Park, and El Paso Counties. This guide features regional public, medical, and active transportation options. PPACG will periodically update the guide to ensure additional resources and changes are accessible.
