8. MEMBER ENTITY ANNOUNCEMENTS
   - Mr. Jody Barker Ms. Kathy Cerillo Smith shared: the ACL's proposed update to the Older Americans Act regulations was posted "on display" in the Federal Register. The 60-day public comment period will open June 16, 2023.

This is the first update to the regulations for most OAA programs since 1988. Updates are needed to align regulations to the current statute and reflect the needs of today's older adults. The proposed rule addresses issues that have emerged since the last update and clarifies several requirements. It aims to better support the national aging network that delivers OAA services and improve program implementation, with the ultimate goal of better serving older adults.

The proposed rule reflects input received through a formal request for information and a series of listening sessions, including formal tribal consultations and other engagement with tribal grantees. ACL is now seeking feedback on the proposed rule, particularly from the aging and disability networks and the people served by OAA programs. We hope you will join us for an informational webinar on Thursday, June 22 at 12:30 p.m. (Eastern) and help us get the word out to as many people as possible. Please feel free to forward the announcement below. Fact sheets and social media materials can be found on our website, as well.
