DATE: February 22, 2024
TO: PPACG Regional Advisory Council
FROM: Mr. Jody Barker, PPACG AAA Director
SUBJECT: RAC TECHNICAL REVIEW SUBCOMMITTEE INITIAL REVIEW

ACTION REQUESTED: Discussion

SUMMARY: The TRS held their bi-annual funding review on February 1, 2024 to recommend where to allocate funding for the upcoming two year contract cycle. They had requests totaling \$8,039,846 and estimated available funding of \$5,543,409, not including \$816,000 for transportation from FTA 5310. At the time of meeting, PPAAA did not have the State contract confirmed yet with funding. We operated at this time with the flat rate from last year. We acknowledged that the contract could come in higher or lower and will adjust at that time if needed.

Evaluation began with looking at overall cuts based on the program service. Once this figure was determined, additional increases or decreases were given to services based on Four Year Plan/Strategic Review Subcommittee priorities, the current funding usage rates, compliance with contractual processes and provider funding allocation from the previous year. The final amount recommended by the TRS is \$5,543,409: \$3,410,227 for contracted providers, \$2,061,691 for PPAAA services and \$71,491 remaining for reserve that will be allocated at a later date based on needs.

Planning and next steps dates:

- Meeting February 1, 2024
- Transportation Advisory Committee (TAC) and 30 day comment period for RFPs through the Federal Transportation Authority (FTA)
- Final RAC review April 2024
- Final PPACG Board approval May
- Contracts prepared and executed by July 1, 2024

PROPOSED MOTION: Discussion only
